To be a fox it takes courage
and wit.

people will stare, Make it worth their whole.

- Harry Winston

Fashion is like the sky,
everywhere. Even in the
darkest streets.

The beauty of the fox is not only in its fur, but also in its cleverness.

Fox - Symbol of resilience and adaptability.

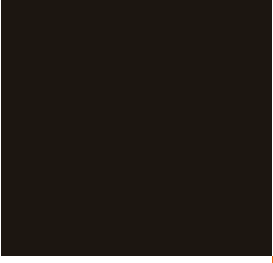

Fashion that does not reach the street is not fashion.

A fox is a wolf who sends flowers
- Ruth Brown

Always be yourself unless you can be a fox, then always be a Fox.
